- Route 8: Subject to Landowner Discussions
- Route 9: TransPenine Trail
- Route 10: Short term measures
- Route 10: Med/Long term measures
- Route 10: Subject to Landowner Discussions

The sections which have been assigned to each category are approximate and subject to change.

Short-term Measures:
Relatively small scale schemes required to complete the link eg dropped kerb, route signs etc
The links mostly use existing cycle routes, greenways and/or quiet residential roads.

Med/Long-term Measures:
Larger infrastructure projects required to deliver the links eg resurfacing, toucan crossings, creation of shared-use routes etc

Subject to Further Discussion:
Further discussions/investigations/agreement required. These links in particular may be subject to change in the future.
