Summary

The site is a green field site that is currently used as agricultural land that is located to the north of Aston on Trent. The site has potential access onto Snelsmoor Lane. We have estimated a site capacity of 2,144 dwellings. There is high developer interest on the site.

The site is considered to be potentially suitable due to the sites location within the green belt and being in an area protected by countryside policy.

The site is considered available as the existing use would not need to be relocated and the site is in one ownership.

The site is considered achievable as it is a green field site and there is a reasonable prospect that the site will be financially viable for residential development in the future.
