

Old English Garden Hosts Civil Ceremonies

Elvaston Castle Country Park

Photograph for illustration purposes only

Weddings have returned to Elvaston Castle! From 2017 Elvaston's Gothic Hall and the beautiful setting of the Old English Garden will once again host civil wedding ceremonies.

As a result, the **Old English Garden** is likely to be **closed during** part of **January/February** to allow for the **installation of a** high quality, cedar wood **Crown Pavilion**. It has been chosen to complement William Barron's historic winter garden and Elvaston's renowned cedar trees. Although it will be a significant change for the walled garden, it will slowly weather and soften. Our gardening team's careful choice of plants will ensure it graces the garden over time. **Please bear with us during this time of change.**
